South Banks Amenities

Community comes naturally here. Every corner of South Banks invites you to linger and connect—friendly matches on the bocce court, a giant chess board for slow afternoons, and the Celebration Tree standing at the heart of it all. Just beyond, Lakeview Village adds even more to explore. Something for everyone, right where you live. Find yourself here.

Through an open window, the lake waves a distant greeting — welcome home, it says.

Family-sized Spaces

At South Banks, every floorplan begins with a simple question: how will you live here? The answer shapes everything — from the flow of natural light to the placement of every wall.

With 2 to 4 bedroom options and 2 bathrooms across every plan, these homes are built for real life — growing families, remote workdays, weekend guests, and quiet mornings alike. Select residences go further still, with private rooftop terraces that extend your living space into the open air, perfect for entertaining or simply unwinding under the sky.

This is livable design, informed by how people truly move through a home. Spacious without excess. Thoughtful without compromise. Whatever stage of life you're in, there's a floorplan at South Banks made with you in mind.
